A Trip for Shakespeare Peace Club for Europe Promises Soon Forgotten A Home Free of Taxes

Shakespeare wrote enthusiastically about "this blessed plot, this earth, this realm, this England." He also wrote, as well he might, in those old days, before the flying machine and submarine, "This precious stone set in the silver sea."

Which serves it in the office of a wall Or as a moat defensive to a house, Against the envy of less happier lands."

If Shakespeare could have made this trip across the American continent, inspecting this earth, this realm, this United States he might have written a better, bigger poem. "This England" could be put down in one corner of Texas and you would have to hunt for it.

San Bernardino County, California, would cover up most of it and improve its fertility, you could take all the rivers and lakes of "this England" out of the Mississippi River, and the water would not be missed.

You could add all the English mountains and hills to the landscape around Denver, and they would not be noticed. What would Shakespeare have said or written if he could have seen this "blessed plot" that stretches three thousand miles from one ocean to the other, including within its borders arctic and tropical regions, its forty-eight States, with absolute free trade, not a custom house separating them.

If 123,000,000 Americans, with their energy, public schools, freedom, safety, their factories and mines, oil wells and fertile lands cannot make a success of this "blessed plot" ending depression and establishing permanent prosperity with enough for everybody then we deserve to have Asiatics come in and show us how to do it.

The important thing in Europe at present is the effort of Mussolini, in need of time, to build up his people and their prosperity, to establish a four power "club" to compel peace. Italy, France, Germany and England in a four power pact would guarantee the peace of Europe.

The "club" seems a good idea with the understanding that this country will not be asked to guarantee or finance it.

Our "best financial minds" are probably sick of making private loans to Europe by this time, and there is only Uncle Sam left. How foolish will he be?

Polish Jews order a boycott of German goods in protest against anti-Semitism in Germany. Conditions have changed since the great war. Joel Sionim of The Day, Jewish daily, writing in the New York Enquirer, recalls an appeal to Polish Jews issued by German Field Marshals Hindenburg and Ludendorff when their armies were marching through Poland against Russia in need of supplies from Jewish merchants. Their proclamation read:

"Too long have you been in distress beneath the iron Muscovite yoke. As friends, we come to you. The barbaric foreign government is over. Equal rights for Jews shall be developed upon firm foundations. Do not let yourselves, as several times in the past, be duped by flattering (Russian) promises."

The proclamation went on to recall to the Polish Jews frightful Russian pogroms of Kishineff, "and many hundreds of other bloody pogroms. Remember the Bels trial, and the efforts made by the barbaric (Russian) government to spread the horrible lies about the use of blood among the Jews."

"That," said the German field marshals, "is how the Tsar kept his word as a monarch, given when he was in a tight corner."

The Jews of Germany probably wonder what has happened to the promise given on the honor of two great German field marshals when they were in a tight corner.

Representative Rogers of Fort Lauderdale put on the House calendar of the Florida Legislature, a constitutional amendment to "free from taxation all homesteads up to \$5,000 in value."

In Florida, with this amendment, a man could call the roof over his head actually his own, with the ground under it and around it.

At present the average American house owner lives at the mercy of the tax gatherer.

If Florida tells the rest of the world "you can buy a house here for \$5,000 and own it forever, free of all taxes and assessments" there will follow an influx of income owning citizens, that will do more for the prosperity of Florida, more to bring in desirable residents, with fixed incomes, than all the work that all the chambers of commerce in the world could possibly do.

Texas has long been working on these lines. California should adopt the idea. With it, New Jersey could draw from New York and other neighboring States millions of desirable small income owning men and women.

Argyll Campbell

Re-instated to Office

A bombshell was thrown last week-end in all Monterey county with the announcement that District Attorney Harry Noland had requested the resignation of Argyll Campbell, of Carmel, his deputy, on a charge that Attorney Campbell was not cooperating with his office.

The charges have been withdrawn, however, and the reason for them and their withdrawal given in the following statement from Attorney Noland:

"I want it clearly understood that my office definitely stands for the complete elimination of public gambling and slot machines in this county, and that I expect the deputy in this district to give full and entire cooperation with all due sincerity to my program which is for the public welfare."

"There appears to be a bitter political conflict in Monterey at this time, and not until the past few days was I aware of its ramifications. People who were not entirely interested in the operations of my office, but were seeking, it appears, to make political capital out of a change here, were interested in making complaints against my deputy. I took these complaints at face value, because in some matters I had been informed I had not received the cooperation to which I felt I was entitled from Mr. Campbell. However, I find now that political capital is being made out of my action, and that it is being used in an attempt to influence the voters of Monterey in a municipal election.

"Because I do not want an action by my office to be misconstrued and because I believe the sources of the complaints against Mr. Campbell were biased and sought to exploit a political opportunity in this city, I am withdrawing my request for the present time for Mr. Campbell's resignation. Meanwhile I am making a full and complete investigation of all the charges and of those making the charges, and I will act without fear or favor on the result of that investigation.

"I wish to assure the public that I am endeavoring to serve the interests of the public welfare and public morals. If I have withdrawn at this time the request previously made for Mr. Campbell's resignation, it is because I believe the public's welfare will be best served by this action.

"HARRY NOLAND, District Attorney."

Denies Charges
In connection with his reinstatement Atty. Campbell made the following statement:

"The information given Mr. Noland that I was not cooperating with him in policies of his office, as I stated before, was and is wholly untrue. I am satisfied from investigations that I have made that these statements were inspired by political enemies.

"I was satisfied that when Mr. Noland learned the facts of the matter he would be big enough and square enough to rectify the situation.

"From Mr. Noland's preliminary investigation, as his statement shows, he has become convinced that the source of the information on which he acted was political.

HENRY COWELL WILL

BE HERE MONDAY

Monday night will witness the first of a series of ten lectures by Henry Cowell at Denny-Watrous gallery. Mr. Cowell has as his subject, "Musics of the World" and his first lecture will be on music of the Near East.

Mr. Cowell invented a portable duplicating machine for the recording of music, and was rewarded by the University of Berlin with a permit to make copies of their phonograph records, this university having the largest and most precious collection of records in the world.

Mr. Cowell placed these copies with those he made himself in the little known corners of the world and owns a priceless lot which he uses in his talks.

Many of his records are now especially valuable since the tribes have become civilized and no longer use their weird music.

Mr. Cowell is the North American director of the Pan American Association of Music.

VOLUME NO. 1

CARMEL-BY-THE-SEA, CALIF., MAY 4, 1933

NUMBER 14

Published Thursdays by E. F. Bunch

Entered as second class matter February 3, 1933 at the postoffice at Carmel, California, under the Act of March 3, 1879. \$2.00 per Year in Monterey County. Outside Monterey County \$3.00 a year.

The Only Country Newspaper In The World Operating Its Own Photo Engraving Plant

MRS. ALVA ANDRESEN

RETURNS TO CARMEL

Friends of Mrs. Alva Andresen are glad to see her again and she is delighted to be back to Carmel, having been away since January 14.

Mrs. Andresen, who was in the drapery business in Carmel for three years, went to Los Angeles to live but decided to come back to her own beloved Carmel.

She is now located with the Town and Country Shop on Dolores.

"There is something fine about drapery making," said Mrs. Andresen Tuesday. It means more than just sewing a straight seam, though few people can even do that, and it takes long years to learn. A drapery specialist may be a good dressmaker, and probably is, while the dressmaker without special training is seldom a good drapery maker."

Handling the needle for most any kind of work is play to Mrs. Andresen.

INVITATIONS ISSUED

FOR DALTON PARTY

Mr. and Mrs. Jack Dalton have issued invitations for a "Beer Bust" to be held at their home upon Jack's return from Hollywood where he will go shortly.

Forty friends have been invited, according to Mr. Dalton, and a treat of the evening will be a Russian dance by Colonel Jadvoskoy. He further states there will be cowboy music and stunts by the guests. Mr. Dalton will offer a prize to the lady who can best sing "How Dry I Am" in German, or "Ach! du lieber Augustin" in Yiddish.

"Refreshments" Mr. Dalton said, "will be cheese on rye, liverwurst on rye, or anything else they want to put on rye, along with 3.2."

DR. CLUEN HAS NEW

DOWN TOWN OFFICE

After giving up his down town office for one year on account of illness, Dr. Cluen has recovered and is now fitting up an office on Dolores Street, adjacent to the Moorish Rug shop.

His many friends will be glad to learn that Dr. Cluen has regained his health and the business district welcomes him back.

"Broadway" Next Community Play

Almost everyone is interested and excited at the opportunity of seeing "what goes on back stage," that glamorous, colorful, just-a-little-wicked realm of chorus girls off duty and tired business men on the loose. Perhaps it was a realization of this fact which prompted the Carmel Community Players to choose "Broadway" as their next production, now in rehearsal and scheduled to play the nights of May 18, 19, 20 and 21.

It's a fast-moving, rakish little melodrama dealing with cabaret girls, bootleggers and night life, and it's directed by Frank Sheridan and Kit Cook, both of whom are familiar with the life of the theatre. It is shot through with comedy, romance—and gangsters' bullets. When the "boys from Chicago" meet the "gals from New York" there's a party—and what a party. These were the days when beer barons ripped \$100 bills in two and gave halves to the chorines, and the matching halves later "if you're good babies." It was before gangsters became elegant through association with Hollywood and gangsters' "girl friends" were merely "tough little eggs" and didn't know there was such a word as "sophisticated."

Carmel's "young set" has invaded the Community Playhouse and they're having a grand time learning how to be hoofers and chorus girls. In this group are included: Tiny Pearson, Lu Jones, Ruth Austin, Betty Pinkham, Paty Johnson, Ruth Pinkham and Edwina Pinkham. Jack Gribner, Robert Parrott and Larry Grenier will portray the gangsters. Byington Ford is cast as the "dick." Others in the cast are Sam Ethridge, Holly Smith, Helen Wilson, Milton Latham and Mildred Pierson.

Tickets will be on sale at Staniford's drug store, Carmel 150.

Mr. and Mrs. C. M. Meyer of Kansas City will arrive in Carmel some time this week for a short stay here.

Mrs. Wilard Whitney won over the woman golfers at the point-par tournament Friday at the Monterey Peninsula Country Club, by a score of 33.

CARMEL HISTORY THEME AT WOMEN'S CLUB

The history of Carmel and this section of the California coast from over a hundred years ago down to the present time was the theme of the Monday afternoon meeting of the Women's club, at the scout house. With Mrs. J. L. Cockburn as hostess, and Mrs. Vera Peck Millis in charge of the presentation of the material, the ladies were treated to talks on the little known and fascinating things about this district, by a group of well-informed Carmelites.

Mrs. Susan Porter, who was introduced by Mrs. Millis, set the stage for the talks by reading an original story of her own, on the origin of this section of the coast. She was followed by Mrs. Rose De Yoe, Mrs. Willis White, Miss Josephine Culbertson, Herbert Heron and Lewis Slevin, who had many interesting pictures for illustration.

The meeting aroused such keen interest that it was decided to make it a regular feature of the club.

Monday was the day for election of officers for the coming year. Mrs. Emma Rendtorff was reelected president; Mrs. C. J. Ryland, Mrs. I. N. Ford and Mrs. James Lynch were elected vice presidents; Mrs. J. D. McCarthy was elected recording secretary, Mrs. W. E. Heathorne corresponding secretary and Mrs. F. W. Ten Winkle, treasurer, while Mrs. James Cockburn and Mrs. Norman Reynolds were chosen as representatives at large.

HEALTH OFFICER KEEPS

TAB ON CARMEL WATER

W. E. Duchus, deputy health officer of Monterey county, is doing some good work for Carmel in keeping tabs on the purity of the water for this city. Mr. Duchus comes here at least once each week and takes samples of the water for testing.

He spent Tuesday in this city, working with Chief of Police Gus Englund, who is his deputy, on the water problems here.

Bob Stowell, who received a broken leg in the ball game at Abalone field about ten days ago, is reported doing nicely, but he is still confined to the hospital.

Pageant at School Was Great Success

"The Destiny of Nations", a pageant presented by the seventh grade of Sunset has gone down in history as one of the most brilliant spectacles ever staged in the school.

To Anna Marie Baer, director, great tribute was paid since each student took his part with the ease of a seasoned actor.

To learn by doing is a system of Carmel's school, and it is certain that not only the youngsters will have the important events of history fixed clearly in their minds by this afternoon's program, but that those adults who witnessed their work will also have a clearer concept of what took place in the past.

Through request, the audience refrained from applause until the program was finished but the response at that time must have been gratifying to the students.

The following scenes were enacted:

Prologue: The Master of Destiny and the Three Fates hold court discussing the destiny of the nations.

Scene 1. The Barbarians in Gaul—300 B. C.

Scene 2. Charlemagne crowned King of the Holy Roman Empire at St. Peter's in Rome—Christmas Day, 800 A. D.

Scene 3. The Dark Ages—a scene in the monastery.

Scene 4. The Crusades—pilgrims journeying to the Holy Land in the time of King Richard, the Lion Hearted.

Scene 5. Marco Polo in prison, Genoa—after his return from the Far East.

Scene 6. A Medieval Fair—in Western Europe.

Scene 7. The French Revolution—1792—the Marseillaise being composed by a young engineer, Rouget de Lisle, as a marching song for the rebel troops.

Scene 8. Napoleon, exiled at St. Helena.

Epilogue: The Master of Destiny holds court with the three Fates discussing the future.

INTERESTING CARMEL

Interesting things about Carmel
SUNSET SCHOOL
IS UNIQUE

Rating a place in interesting Carmel is Sunset school. All Carmel is proud of Sunset and the way things are done there.

Last Friday at 11 o'clock Carmel Sun editor heard the pupils in their student body meeting and was very much impressed. It is necessary to remind one's self that these youngsters conducting this meeting are but grade pupils, since their actions and their talk would credit any high school.

Not a flaw was made in parliamentary rule. Not a speaker forgot to address the chair, who in turn, did not hesitate or grope about in deciding what to do about a question.

Two questions were debated: "Resolved that the bill board should be abolished by law," by members of the seventh grade and "Resolved that the working day should be limited to eight hours," by the eighth grade. Student judges awarded the decision to the seventh grade affirmative and the eighth grade negative.

A sixth grade pupil gave a talk on what they had learned about public speaking in their class and the points were demonstrated by other members of the class, who gave some short stories. This work was prepared within an hour of presentation.

Carmel Sun editor advises you to attend one of these student body meetings if you have the opportunity and let the teachers and pupils know you are interested in their work.

Visitors to the school last week were very much pleased with the display of the work the children had been doing throughout the year. While each room exhibited some of the grade's own work, the major display was placed in the old auditorium and here were seen the drawings, paintings, pottery, wood work, and even the cut-outs by the kindergarten.

Truly, the children of Carmel are fortunate.

Mrs. Gleason Condemns Chain Stores With Hard Facts

I hope I can make you think." So said Mrs. Edna Gleason at the meeting in Pacific Grove last Friday night, called by the Home Owned Stores association. Carmel Sun has only asked the people of Carmel to think and the editor was pleased to find that the speaker agreed with the system.

Mrs. Gleason further said, "It was the independent who founded this country. He has been the backbone of this nation, but right now he needs a surgeon to take some of the bone out of the people's heads and put it in their spinal columns to make them stand up."

"Are the chains interested in you or your community?"

"What are chains? Parasites—living off of what you have made. When prosperity was here they came in under the guise of big business and claimed to be doing you a favor by coming into your community."

"Don't be deluded. The chains never come to give but to take."

"A beautiful building like this is a credit to the community. Who built it? Where did the money come from? From the taxes of the people who live in this community. Not from the chain stores."

"Right here in Pacific Grove your chain stores spend \$176 a year for taxes, while your independent merchants pay \$20,000."

The speaker here took time to give reasons why anyone on a salary coming from public revenues should trade with independent stores, since the salaries come from home people.

"Taxes are coming in at lessened rate because the people haven't got the money. Because you have been spending your dollars with people who are taking it to Wall Street. In 1926 they took \$27,500,000,000 out of your towns. Six hundred thousand independent men went out of business last year."

"We are in the midst of a war. A war that is taking your lives and liberty and is putting your family into starvation and privation and putting you against the wall."

"What have the chains done for you? They have never done anything."

Mrs. Gleason laid a good percentage of the blame for chain buying on the shoulders of the woman since she does 85 per cent of the buying. "Women are price minded," she said, "You have forgotten quality, you run around like a dickie bird crying 'cheap, cheap, cheap.'"

"What active parts do chains play in your community? Do they go out and build parks? Are they interested in the welfare of your children?"

"Why don't you demand the things that are raised around your community, and you will be wealthier for it."

More than 1200 people heard the address, and the silence was so profound practically all the time, that one could have heard a pin drop.

The speaker stated that if all the Stockton people would eat home baked products only, forty more bakers at \$35 a week could be employed in that city.

How many more men would be employed in Carmel if Carmel people bought only from Carmel stores? It is food for thought.

The Good Samaritan

CALIFORNIA NEWS REVIEW

Air Meet in Los Angeles
When the national air races are held in Los Angeles July 1 to 4, inclusive, all the events which have previously made the meet a ten-day aviation classic will be crowded in to the four days.

Civic Workers Aid Students
Steps were taken recently by a committee from the Chamber of Commerce and service club members in Fresno to provide employment for approximately 300 students of the Fresno State College and the four high schools of the city, who were in need of temporary work to finance the continuance of their studies.

Highway Nearing Completion
The Cambria Pines Chamber of Commerce has announced that State highway officials expect the completion of the new Roosevelt ocean side highway, between Cambria Pines and Monterey in March, 1934. The road, which is declared to be the most scenic seaside boulevard in the West, is now practically opened to motorists from Cambria to Carmel.

City Cuts Salaries
In order to cut salaries of municipal employees, after some dispute the city council of Mill Valley, Marin county, recently fired all its appointive officials, effective one day, and with the intention of hiring them back at the reduced scale the following day. Eighteen persons were affected, with a saving to the city of approximately \$5,760 a year.

Lower Gas Rates Ordered
The State Railroad Commission has ordered the Pacific Gas and Electric company to reduce its rates for artificial gas for domestic purposes in Marysville, Chico and Oroville and contiguous territory. The reduction follows a decrease in the price of fuel oil, and will effect a saving of approximately \$4,000 a year to consumers. The lower rates are effective for meter readings taken on and after April 1.

Growers Show A Profit
According to N. D. Hudson, assistant county farm adviser in Kern county, fifteen grape growers in the county who co-operated in a cost of production study on Thompson seedless grapes made a larger net profit in 1932 than in 1931, despite lower prices. Yields were heavy, averaging seven tons per acre, and acre costs of production dropped from \$98.14 in 1931 to \$84.22 last year. Per ton production costs two years ago were \$21.72, while in 1932 they amounted to only \$11.77. The records of cost have been kept for the past four years.

Accident Prevention Week
The week of May 21-27 has been set aside for the observance of Accident Prevention Week, this year, and as a special feature of the event Governor Rolph has sent out a call to all organized groups in the State to send representatives to the All-California Accident Prevention Conference, to be held in San Francisco May 24 and 25, under the direction of the Industrial Accident Commission, the California Safety Society and the National Safety Council. In the proclamation the Governor urged all employers, churches, schools and organizations of all kinds to stress the need of care to cut down the toll of life and limb taken by accidents each year. During the first eleven months of 1932 there were 4,986 deaths from external causes in California.

Water Shortage Predicted
In a snow survey report issued recently by State Engineer Edward Hyatt it was predicted that the outlook for California's spring and summer water supply was not as good this year as in 1932. A shortage was anticipated for the Sacramento Valley, and a reduced stream flow of the Sacramento and San Joaquin rivers after July 1, which would seriously restrict irrigation and cause dangerous salinity conditions as far north as Isleton in the delta region. Southern California is expected to get about two-thirds the amount of water available last year, and, according to the report, the total precipitation to date, including snow and rainfall, is about 65 per cent of last year, when it averaged normal. Water conditions in the State, summarized in the report, will compare with the dry seasons of 1926 and 1929, but will not be as serious as in 1931.

Governor Rolph has signed a bill, passed by the Legislature, legalizing the transfer of women prisoners from San Quentin to the female department of the prison, located at the California Institution for Women, nine miles west of Tehachapi. The institution has been completed for more than 6 months, but the law prohibited women sentenced to prison from being detained in it. The new law is expected to enable the transfer of women now held in San Quentin to the new institution within the near future.

Decrease in Auto Deaths
The State Motor Vehicle Department announced recently that the number of deaths due to automobile accidents in Contra Costa county during 1932 was 33, as compared to 39 in 1931, and 45 in 1930.

Races Planned On New Track
Construction is nearing completion on the new dirt race track five-eighths mile in length, west of the Southern Pacific track and south of the old Goshen-Hanford highway, near Goshen. The Tulare County Racing Club will stage a series of automobile races on the track during the coming season, beginning about the middle of this month.

Allensworth Station Closed
The State Railroad Commission has authorized the Atchison, Topeka and Santa Fe railway company to discontinue the services of the caretaker at the Allensworth station in Tulare county. The Southern Pacific company has asked the Commission for permission to close its agency at Thermal, Riverside county, from August 1 to December 1, inclusive, each year.

"Cash And Carry" System Pays
The first tree bloom in the Yucapa Valley is much heavier this year than usual, and the cherries are especially promising. A local grower, who has two orchards in the Valley, states that cherries paid him better last year than peaches and plums. He was responsible for the adopting of the "cash and carry" system on cherries, which was reported as profitable.

Park Opening Dates
A report issued by the National Park Service states that General Grant National Park would open its 1933 season on May 15. Other national parks will afford accommodations for visitors on the following dates: Bryce Canyon, North Rim of Grand Canyon, Lassen Volcanic, and Mesa Verde, June 1; Glacier and Mt. Rainier, June 15; Grand Teton and Yellowstone on June 20. Crater Lake Park opened in the early spring. Carlsbad Caverns, South Rim of Grand Canyon, Hot Springs, Rocky Mountain, Sequoia, Wind Cave, Yosemite and Zion are open all year.

Late Frosts Damage Crops
Heavy late frosts proved rather damaging to some of the crops in the San Fernando Valley. Orchards of Placentia walnuts were heavily hit in some parts of the Valley. It is too soon to know the exact extent of the loss, but there is a possibility of a fair crop. Some of the growers are even looking for the trees to produce later blooms, a thing that occurred after a late March frost several years ago. The Eureka's suffered no damage, as they were not yet out. Persimmon trees were damaged, with the possibility of an almost total crop loss, according to late reports.

New Highway Opposed
By unanimous vote directors of the Bakersfield Chamber of Commerce adopted a resolution recently opposing the proposed construction of a new State highway down the west side of the San Joaquin Valley, from Hollister through Coalinga, Taft, Maricopa, and thence to the Golden State Highway near Wheeler Ridge. The resolution stated that the "new route would involve an expenditure deemed unnecessary and inadvisable at this time." It is stated the Chamber acted upon the recommendation of its highway committee, headed by J. K. Thrasher.

Conservation Camps To Open
Regional Forester S. B. Snow, chief of the California Region, U. S. Forest Service will be in charge of the civilian conservation corps camps which will soon be in operation in the national forests of California, in accordance with an approval given by President Roosevelt on April 20 to the establishment of 166 camps in the 19 national forests of the State. The camps will be open to unmarried men between the ages of 18 and 25 years, who are citizens of California and have dependents. The camps are to be distributed as follows: Northern California—Tahoe, 9; Plumas, 11; Lassen, 9; Modoc, 6; Shasta, 11; Klamath, 7; Trinity, 8; Mendocino, 8; Southern California—Angeles, 17; Cleveland, 9; San Bernardino, 16; Santa Barbara, 15; and, East side of Sierra Nevada: Inyo, 3; Mono, 3; with one additional camp located in the California section of the Sixtyfour National Forest of Oregon. Recruiting will be handled by local relief agencies under the general direction of R. C. Branson of the State Department of Social Welfare. All camps are to be operated on a basis of 200 men. In charge of the United States army.

School Typewriters Gone
Twenty-one typewriters, valued at more than \$1000, disappeared from the commercial department of the McFarland High School recently.

Radio Patrol Car For Campus
Believed to be the first radio patrol car to operate on a university campus, Capt. Walter Lee of the University of California detail has equipped his car so he may work in conjunction with the Berkeley police force.

SPORTS NEWS of the WEEK

ABALONE LEAGUE

By Doc Staniford

The Country Club eliminated their closest rivals by a lop sided score, Country Club 15, Del Monte 3, and will meet the Pilots for the Abalone League Championship; best two out of three games, starting Sunday at 2 p. m. The Del Monte Club started out in the first inning as if they really intended to make the Country Club extend itself to win the old ball game, but their aspirations were very short and sweet. When the Country Club started clouting the ball all over the lot and when the second inning was over, eight runs were chalked up in their favor and Del Monte never threatened. Thereafter, it was just a question how many more runs the Country Club would score.

Del Monte Club, when the season first started, looked like a very good ball team. Charlie Nelson proved to be a fine pitcher, and should have made a better showing but after the first few games the team seemed to break badly and go all to pieces. On the other hand the Country Club after rather poor start seemed to find itself and with Fred Godwin's fine pitching sailed out in front and proved without a question to be the best team of the Club season.

The series between the Pilots and Country Club should be very interesting and the team that gets the breaks will win the championship. This season has brought out a lot of younger players, and all have played mighty good ball and best of all proven themselves to be good sports and have done their "bit" to keep the interest in the Abalone League, because after all these chaps are the ones who will have to carry on in the future.

One of the high-lights of the game was the keen interest everybody has taken in respect to Bob Stowell, who was severely injured a week ago when he broke his leg during the Giant-Pilot game. The hat was passed around and contributions netted \$22.18 to be added to the fund raised for his benefit. A dinner-dance is also planned to take place at the La Playa Hotel. Date has not been set as yet. The proceeds of this affair will also be added to the fund. This unfortunate accident and also Helen Heavey's, who received a broken finger earlier in the season are regretted very much. Otherwise the Abalone League has enjoyed one of its most successful seasons.

ABALONE LEAGUE

BATTING RECORDS

Batting records give Peninsula Country club an edge on attack over the Pilots, their opponents in the Abalone League championship series which starts at 2 p. m. Sunday on the Carmel Woods baseball ground. The clubmen ticked off an average of .575 in eight games, while the Community Section champs batted at a .570 rate for nine contests.

When it came to converting hits into runs, Country Club had a wider margin. More than half of the Peninsula players who reached first base completed the circuit of the diamond. The average was .504. Pilots brought across the plate .475 per cent of the runners who reached the base.

Team totals follow:
Peninsula Country Club, (Club Section Champions). At bat 238; runs, 69; reached base 137.
Pilots (Community Section Champions). At bat, 321; runs, 87; reached base, 183.

Averages and not totals must be made the basis for comparison because of Pilots having played nine games whereas Country club took part in only eight.

Defensive records of Pilots and Peninsula Country club the teams that clash 2 p. m. Sunday at Carmel Woods in the first of three games for the Abalone League championship indicate that the Community section's Pilots have a margin over the Club section's title-holders. The Pilots in nine games held their opponents to fifty runs, produced by 123 men reaching base, while Country club in eight games were scored on 67 times by 138 men who got to first.

The suppression of enemy base-runners by the Pilots held the opponent's run scoring to a percentage of .406, while .486 per cent of runners who reached base scored against Country club.

However, the Country club season should really be divided

into B. G. and A. G., before Godwin and after Godwin. When the Peninsula captain went to the mound for his club the defense stiffened immeasurably. There was one game in Frank Townsend and Fred Godwin as a pitching combination were lambasted merrily, but leaving this out of consideration Fred's record is impressive.

In three games credited to him, Godwin held the opposition to a total of 38 hits and 14 runs, an average of 12.3 hits and 4.6 runs per game. Ed Files, Pilot pitcher, averaged in nine games 13.3 hits and 5.5 runs. Godwin has one shut-out, and one three-run victory in his list. Files three times held the foe to two tallies, and once to three.

On general defensive play the IPilots' work stands out, however. In only one of the nine games did the enemy break into double figures in the run column, and on that occasion the team finally won out 15 to 13. Both Peninsula and Pilots showed plenty of courage in coming from behind to win games.

Hitters who ranked high in the lists of both Community and Club sections of the Abalone League are in the line-ups of Pilots and Country club who meet at 2 p. m. Sunday at Carmel Woods in the first of a three game series for the Abalone championship. George Parker, Pilot shortstop, was second only to Bam Handley of the Shamrocks in the Community batting records.

Averages of the two teams are:

Qualities and Prices That PLEASE
CARMEL SUN

Henry Meyers, former Carmel resident, now living in San Francisco, was down for a visit last week.

Mrs. P. A. McCreery and her young son, of Carmel, are spending the week in Burlingame with friends.

Miss Barbara Bacon of Seattle arrived in Carmel Monday for a visit at the home of Mrs. D. A. Pelton.

Charles W. Haswell and his family will spend the coming week at one of the Wilson cottages on the Point.

Mr. and Mrs. Alfred Wheldon were called to Pasadena Wednesday by a message announcing the death of a friend.

Mrs. A. Acton Hall, of Piqua, Ohio, is in her home on Carmelo and Ocean. She expects to be here for several months.

Vandals are blamed for breaking of a huge plate glass window in the T. V. Moore cottage. The window was fully insured.

Miss Virginia Rockwell left Sunday for a visit in Pomona and Redlands and writes that she is having a wonderful time.

Mrs. G. C. Romine is at home again after undergoing an operation at St. Mary's in San Francisco, and is improving rapidly.

Arne Anderson and Charles Watson, students at Menlo Junior College, visited Major and Mrs. Watson in Carmel for a few days.

Harold Humphrey returned from the hospital to his home Tuesday. He has been recuperating from an operation for appendicitis.

Mrs. Carter and George Wishart spent Tuesday in Soledad where they attended a meeting of the district Parent-Teachers association.

Mr. and Mrs. Jack Dalton had as their guests at the dance at Del Monte Saturday night Carroll Butts and Miss Verna Roberts of Salinas.

Mrs. Florence Browning and Leon Fabish made a trip to Yosemite Sunday and brought back Katherine Easton who has been staying at her ranch there. Mrs. Easton will leave for Yosemite again about the first of June to take up her residence there.

Neil Twilegar and a company of friends left Tuesday for a fishing trip in the hills to try to get some mountain trout, the season on which was open May 1st.

Colonel and Mrs. Hathaway, who have been in the Nugent house on Monte Verde for the past two years, have left for the east. They expect to return in October.

Mr. and Mrs. Charles Van Riper leave next week for the east. They have taken a house at Martha's Vineyard for the summer, and expect to return to Carmel in the fall.

Mrs. Robert Ballam and son, Frank, left Wednesday for the Valley where they have taken a cottage to remain until Frank regains his strength after his recent illness.

The Cottage, Solid Comfort, on Lincoln avenue, has been taken by Mrs. Alva Andresen, recently returned to Carmel after an absence of three months, which time was spent in Los Angeles.

On Sunday, Mr. and Mrs. J. C. Herron will be the guests of Mr. Zimmerman and his wife Dr. Zimmerman, at a picnic, on the occasion of the fifth wedding anniversary of the Zimmermans.

John E. Dunker and his family, of Palo Alto, are now occupying the T. V. Moore cottage on Scenic. They will be here for six weeks. With them are their daughter and son-in-law, the Dick Pershings.

Mrs. W. J. Hairs left Saturday for San Francisco to meet her husband, Major Hairs, who arrived in that city Monday from a several months' stay in Australia and England. They are expected home today.

Philip Wilson Sr., who has been staying with his son, James Wilson, in San Mateo, returned to Carmel this week. Mrs. Wilson is to join him here, and they expect to stay at their home in the valley for an indefinite period.

Mr. and Mrs. Wyckoff, Phil Nexbit and Mrs. M. F. Grant left Sunday evening at three o'clock for a fishing trip at Big Sur. They caught a number of fine mountain trout. They were back in Carmel Tuesday night.

Mrs. Gertrude Wall had as her guests for the week-end Mr. and Mrs. Warren Montgomery, John Garth of San Francisco and Mr. and Mrs. George Hellman of Alameda. Mr. Montgomery is with the Examiner and Mrs. Montgomery is with the Paramount studios. They attended the dance at Del Monte Saturday night.

HONEYMOONERS STOP AT HOTEL LA RIBERA
Among the couples spending part of their honeymoons in Carmel, stopping at the Hotel La Ribera were the following: Mr. and Mrs. Harold Ross of San Francisco, Mr. and Mrs. H. D. Thompson of San Francisco, and Mr. and Mrs. P. L. Harlow of San Jose.

AN EXPERIMENT IN UNITY

Twenty-five years ago was begun an experiment which has been characterized as a "new epoch in Protestant history." For nearly four hundred years the trend has been in the direction of multiplying denominations and accentuating differences in policy or creed. The organization of the Federal Council of Churches of Christ in America was a face-about from isolated denominations. No surrender of creed is involved on the part of any one of the more than a score of denominations with a present communicant membership of more than twenty-two million. This is rather a union in deed—in behalf of causes and activities which they can unitedly support. There has been found to be enough unity in the great central things for which these several denominations stand to give common ground for action.

The movement is not an effort to create unity but a recognition and expression of a unity that already exists. There is good reason to expect that from this acting together advance will be made to a greater measure of fellowship in things of the spirit as well as cooperation in the "temporalities" which are incidental to spiritual enlargement—the practical needs of daily life. And while it is a federation of Protestant churches, it has been also "a bridge" between them and the Catholic Church on the one hand and the Synagogue on the other, cultivating a breadth of sympathy for these great religious bodies and fostering an attitude of mutual respect and good-will among the diverse groups.

One of the stated purposes of the Council was to secure a larger combined influence for the Churches of Christ in all matters affecting the moral and social condition of the people. Especially has it given voice to the desire for peace on earth and in support of international cooperation for promoting it. But more important than any of the concrete programs of work which the Federal Council has carried out is the fact that the Council is itself a demonstration of the spirit of unity. In its own fellowship and in its relationships with other bodies it has shown that the churches are not sectarian and separatist in spirit, but can and will work together in a great common cause.

Local and Personal

Mrs. E. D. Titus entertained her daughter and son-in-law, Mr. and Mrs. McTavish last week-end.

William H. Ray, of Merced, who has been playing polo at Del Monte this past season, is now residing in Carmel.

Mrs. Paul Yost of Beverly Hills has taken the Kleinschmidt house at 11th and Junipero for the month of May.

Mrs. W. B. Vanderlip will leave Carmel this week for her home in Berkeley. She will return for a time during the summer months.

Mrs. Charles Fuller and Mrs. Herman Crossman sailed Tuesday on the steamship Monterey for Honolulu. They will be gone for a month.

Richard Pedersen, former resident of the village, who has been associated with the moving picture studios in Hollywood as a script writer visited in Carmel for a few days this week.

Mrs. Millard Klein entertained a group of friends at tea at her home on Casanova last Friday afternoon.

Mrs. Etta Stackpole went to San Jose Saturday to spend the week-end with her husband, but decided to remain over there for the week to receive treatment for an infected ear, caused by an attack of influenza.

Miss Marian Minges went to Hollister Saturday and spent the week-end at the home of her sister Mrs. R. L. Hull, and Dr. Hull. She attended a dance in that city Saturday night and had a very pleasant time.

Mrs. John Walter Mercer of New York City, who has been making her home at Pine Inn, has left for a three week's motor trip with Mr. Mercer. They are to visit his mining properties in Trinidad County, and in the northwest, then they are driving to Lake Louise at Banff, Canada.

Pine Inn is to be the setting for a lovely bridge luncheon on Saturday, given by Mrs. J. D. Burke of Salinas. There will be twenty-five guests.

Mrs. C. M. Mathews, who has been residing at Pine Inn for a number of years, returned this week from a two and a half month trip to the southwest. She visited her son at Tucson, Arizona, and her grandchildren in Riverside.

STREET IMPROVED

The street department has just finished work on San Antonio street.

They did a good job. Residents of Mission Point are grateful for the improvement.

DUPLICATE BRIDGE TOUR-

NAMENT AT LA RIBERA

Bridge experts of Carmel are fascinated with the Duplicate Contract Tournament which is held at La Ribera hotel on alternate Wednesday nights. The playing is under the supervision of Miss Marie Van Atta. Teams play as north and south against east and west, and it is claimed that this is the fairest method of playing contract. The same hands are played by all north and south teams, as the same are played by all east and west teams, so the high score really represents the most skillful playing of the evening. Teams which have gained a smaller score than the winners know that their bidding or playing is at fault, and Miss Van Atta will be glad to show where the errors were made.

A series of bridge luncheons is planned for the summer, details of which will be made known later.

FRANK WICKMAN WILL

OPEN HIGHLANDS STUDIO

Frank Wickman, well known musician, who has been away from Carmel for several years, is returning to open up his beautiful studio in The Highlands and plans to spend the summer here. Mr. Wickman will make weekly trips to San Francisco to take care of his work there.

DR. LESLIE LEONARD

TO PREACH SUNDAY

Dr. Leslie Leonard, of Pasadena, will conduct the regular eleven o'clock morning prayers with the communion service at All Saints church on Sunday. Dr. and Mrs. Leonard are at present vacationing in their cottage on N. Lopez street.

TEACHERS OF COUNTY

MEET AT SUNSET

Beginning with a luncheon at noon and ending with a program in the afternoon, an interesting and instructive meeting was held by the teachers of the county at Sunset Saturday.

The tables for the luncheon, where sixty guests were served, were artistically decorated in spring wild flowers, and the P. T. A. ladies were hostesses assisted by the Girl Scouts.

The welcoming address was made by Principal O. W. Bardarson, and after a few short talks by others, the guests visited the different rooms to examine the exhibits which had been on display throughout Education week.

J. R. McKillop of the Monterey Union High, was the principal speaker and told of how those who are interested in the welfare of the schools must be active on propositions bearing on the future of the schools, and should not pass up the work to someone else.

Manuel Joseph reviewed the state association meeting of school principals held in Fresno recently and Miss Grace Widemann gave her report of the state convention. Joseph Fry of Santa Rita, Robert Down of Pacific Grove, J. H. Graves of Monterey and Miss Ruby Smith of Del Monte took part on the program.

BRUCE FOX, WRITER

MADE FINE ADDRESS

When he began writing, he sent one of his manuscripts out nineteen times, only to have it accepted by the editor who rejected it, first, and for the past three years he has received not one rejection. That is the brief history of the literary career of Bruce Fox of San Francisco who spoke to a large crowd of interested people at the Denny-Watrous gallery Monday night.

"If you can't take rejections," said Mr. Fox, "you would better have an agent. Many people become so discouraged when a manuscript is returned they can't work for some time."

Mr. Fox gave some rules for writing a story so that it will catch the editor's attention from the opening paragraph. He stated that a story which did not show what it was all about in the beginning would never be read as far as the tenth page, where the usual amateur begins his narrative. He speaks from the viewpoint of both editor and writer and gives some valuable suggestions.

Mr. Fox stated there are two kinds of stories, those of accomplishment and those of decision, and when a writer starts out with a decision story and switches to accomplishment or vice versa, that story is done for.

Mr. Fox will probably have a class in Carmel as there are many people here who are interested in the literary field.

P. T. ASS'N. WILL HOLD

LAST MEETING OF SEASON

The Parent Teacher association of Carmel is holding its last meeting of the year next Wednesday afternoon at three o'clock in the old auditorium of Sunset School.

Officers will be elected for the coming year, reports read from the various departments of the organization. Summer round-up of children ready for their first school in the fall will be discussed and any new business that may be brought up by members.

Mrs. Dora Comstock, president of the Carmel association, will review some of the activities of the local branch which have been carried on with great success.

CITY COUNCIL HOLDS

VERY QUIET SESSION

Those who have been holding off on paying their business licenses this year will be interested to learn that these accounts at last night's city council meeting were turned over to the city council with orders to place them in the small claims court.

Three hundred dollars was allowed for the reoilng of Carmel's streets, many of which are needing attention badly. Street Commissioner Kellogg pointed out that oiling was cheaper in the long run than using water to keep down the dust.

Lowering of the grade on sixth and Dolores was discussed. Councilman Heron and Kellogg were appointed to see about drafting an ordinance to take the place of the one forbidding a fence more than 4 1-2 feet high on any property line.

This change is to be made since many who have not known of the ordinance have violated the law.

Lee Narvaez was appointed to act as janitor, to take the place made vacant by the death of John Ham.

KATHERINE HEPBURN

IN SECOND FEATURE

By J. A. Kunzman
An adventurous aviatrix who has been seeking satiation in automobile racing and altitude flying encounters the new thrill of youthful romance and love in a middle-aged British statesman and arouses two dormant great desires. In RKO Radio pictures, "Christopher Strong," featuring Katherine Hepburn, Colin Clive, Billie Burke, Helen Chandler and Ralph Forbes.

Lady Cynthia Darrington dared to wrest from life the thrills she wanted at a 200-mile-an-hour pace, pursuing the great god Speed in airplanes, automobiles and motor boats. Sir Christopher Strong was piously devoted to conservatism and parliamentary documents for twenty years. Meeting at four o'clock in the morning at a party Cynthia and Christopher rise in her plane into the early morning's clandestine atmosphere and into a great love, tasting pleasures which they had missed.

"Christopher Strong" is booked at the Carmel Theatre for two days only, Sunday and Monday, May 7 and 8, with a special matinee on Sunday. Katherine Hepburn will be remembered in "The Bill of Divorcement" where she played the role of the daughter of John Barrymore.

BENEFIT DANCE FOR

BOB STOWELL SOON

The committee in charge of the dinner dance sponsored by the Abalone League for the benefit of Bob Stowell has not decided on a definite date but unquestionably will take place before the 15th of this month. Definite notice will be given at a later time. From the numerous inquiries that have been coming in a big crowd will be on hand to help this worthy cause. In the meantime any contributions can be turned in at Staniford's Drug Store and will be greatly appreciated by the Abalone League.

FIRST OFFICIAL MEET

OF BOARD TUESDAY

About twenty people were present at the first meeting of the school board at Sunset Tuesday night and all were pleased with the harmony which prevailed.

An open forum was held when the registration of out-of-the-district children, inspection of the school building, supplies and the reduction of the cost of supplies without hindering school work were all discussed.

Chairman Ewig thanked Dr. John R. Gray, a man who has served in his life a good many years as school trustee, for his splendid talk in which he urged the public to get behind the directors and show them they are interested in helping them solve the local school problems which parallel those facing the whole nation.

Other short talks were made and all showed a sincere effort to be made for harmony in school affairs.

Many expressions of appreciation are heard of the work during the past year of Dr. Haasis, retiring chairman.

ANOTHER STOLEN CAR

LOCATED IN CARMEL

After their suspicions had been aroused by a car which was left in front of their home in Carmel Woods for some time, the C. L. Berkeys Monday phoned Chief Gus Englund who brought the car into town and set about seeking the owner.

It was found to have been stolen from Dr. Reeves of Salinas and he came for it Monday evening.

MRS. LEOTA TUCKER IS

TAKING GRAD PICTURES

Mrs. Leota Tucker has been busy the past week or so getting the pictures of the Monterey Union high school students for their annual and for their graduation gifts. She spent Tuesday afternoon in Monterey taking group pictures.

MRS. HEATHORNE WILL

ENTERTAIN AT BRIDGE

Mrs. W. C. Heathorne will entertain a number of her friends at a bridge tea tomorrow, Friday. The guests will be Mrs. David Scripture, Mrs. C. C. Judson, Mrs. Carl Burrows, Mrs. Vera Peak Millis, Mrs. Dean Seabrook, Mrs. John Abernathy, Mrs. C. J. Ryland, Mrs. Elizabeth Titus, Mrs. J. B. McCarthy, Mrs. M. L. Palmer, Mrs. Stella Stafford Mather, Mrs. John Jordan, Mrs. Dudley Kinsell, Mrs. H. S. Nye, Miss Isabelle Winslow, Miss Elizabeth Alcott and Miss Glenna Peck.

HOME COOKED FOOD

SHOP HAS MOVED

The Home Cooked Food Shop is now nicely settled in their new location on Dolores and the proprietors, Mrs. Stone and Mrs. Brown, are delighted with the change.

In place of the two small tables they used at their former location, they now have six tables, attractively decorated in green and red, which color scheme is carried out in the entire dining room.

Mesdames Stone and Brown received several lovely bouquets on their opening day.

SOMETHING UNUSUAL IN

EATS AT RUSSIAN TEA ROOM

Shashlik, the most unusual meat dish you have ever tried—lamb and kidney, broiled on a long skewer with tomatoes and onions; this is a suggestion for the anxious hostess who would like to entertain her guests with something out of the ordinary. Call Colonel Jandovsky, of the Russian Tea shop and make arrangements for a special dinner in their private dining rooms. Start out with Russian Caviar, then the shashlik, which is a typical Caucasian preparation, and for desert try the Russian fruit compote for which the Tea Room has become famous, and you have a combination that will earn you the respect and gratitude of your guests.

NO CHANGE ORDERED

IN ELECTION SCHEDULE

The mysterious "They" of Carmel reported yesterday that Mayor Catlin had received a telegram from Governor Rolph stating that the election scheduled here for May 15 should be called off since the proposition of the sale and method of selling beer would be entirely taken care of by the state.

"I know of no such grounds for such a report," said Mayor Catlin. "When we repealed the Wright act, local option in the state was repealed, but I believe that under our own police power we have the right to say whether beer shall or shall not be sold in our own city limits." I certainly have received no such telegram.

In the meantime preparations continue for the election on May 15, the people of this city to make the decision at that time as to whether or not beer may be sold here.

Mr. and Mrs. Jules Hancock and house guest Mrs. Grace McGinnis motored to Piedmont last Sunday for the week.

Reverend Chinn is rapidly recovering his health, according to word received here this week, and his friends expect to have him back rested and feeling fine in a short while.

Mrs. Maude Arndt and Mrs. John Jordan returned Wednesday from a few days trip to San Francisco and Oakland.

ALCOHOL ANESTHETIC

NOT STIMULANT

When Mrs. C. E. Carl of Pacific Grove spoke in Carmel last Wednesday afternoon, she read from a report of the Los Angeles County Medical association notes, a few extracts of which are given:

"Stimulating liquor," when applied to alcoholic beverages, is a misnomer. Alcohol is an anesthetic. Its action is similar to ether and chloroform.

"Anesthetics, including alcohol, from the smallest dose up, attack education from above down. They weaken the brake and the control long before they diminish the power."

"In traffic or civilization, brake and control and reserve are as essential to safety as power. A driver with plenty of power and poor control, with no brakes is a menace to traffic and a person without reserve or self control is a menace to civilization."

The article said small doses loosen the tongue and large doses reduce the control of your muscles.

"The habitual use of alcohol causes a condition known as chronic alcoholism, with its constant derangement of the stomach, congested nose, degeneration of the arteries, with its accompanying apoplexy and degeneration of any of the important organs supplied by them."

PIEDMONT VISITOR

HAS PURSE STOLEN

Again the editor of Carmel Sun warns the public against carelessness in leaving articles of value where they may be picked up.

Mrs. Clinton Walker of Piedmont parked her car in front of the home of Mrs. R. G. Brooks, between Ninth and Tenth on Lincoln and went into the house for a few moments. When she returned to the car she found that someone had stolen her purse containing her money and a watch.

Do not leave anything of value in an unlocked car. Statistics show that cars are robbed or stolen within a few minutes after being parked.

COMMUNITY GUILD HAS

PARTY AT WATSON'S

The ladies of the Community Guild held a most enjoyable party Wednesday night of last week when they met at the home of Mrs. C. A. Watson at Fourth and San Carlos, for a farewell to Mrs. Veetch, a member who was leaving for Los Angeles to make her home.

The guest of honor was surprised when a lovely parasol yellow and lavender was presented to her, which showered her with lovely handkerchiefs, a parting tribute from her friends.

There were more than thirty guests present, twenty-eight of whom played Dutch Whist. High score was made by Miss Emily Walters, second by Mrs. Burke and low by Mrs. Fred Mylar. All received beautiful gifts.

Hostesses for the evening were Mrs. Watson, Mrs. Tom Douglas and Mrs. Robert Overly.

CARMEL VISITORS WRITE

OF TRAVEL DIFFICULTIES

The following message was received this week by Mr. and Mrs. R. H. Durie from the Misses Wilna Hervey and Nan-Mason, who recently left Carmel, after a few months' visit for their home in the East:

"We tried to go by the Santa Fe Trail but found ice and snow, so turned back for the Southern route and have gone through one rain storm after the other. A centipede visited our camp at Holtville, California, and nearly scared us to death. We are resting here a day. Our dog was sprinkled in the face by a skunk in Banning and we thought he would go mad but he is all right now."

Mrs. Stella Stafford Mather has taken a house in the Carmel Valley for the summer.

Miss Helene Eichaker had as her guest last week Miss Kate Hamlin former principle of the Hamlin school in San Francisco. On Thursday Miss Eichaker had Mrs. Elizabeth Sullivan and Miss Gladys Sampson of Monterey in for bridge.
